Strong Communication

EXPERIENCE

INTERN AT ASKARI BANK HEAD OFFICE
One of Pakistan's leading banks

2024(July)-2024(September)

- Developed a local web-based tool for internal operations to improve departmental workflow efficiency.
- Designed and deployed a responsive website tailored to the needs of the GSD department.
- Managed and updated the internal portal to streamline document access and task tracking.

PROJECTS

WEBSITE FOR ASKARI BANK (WORDPRESS)
Developed a responsive WordPress website for Askari Bank's head office using XAMPP as a local server environment. Customized themes and plugins, ensuring branding alignment, smooth navigation, and local testing before deployment.

WEB PLATFORM WITH REACT, MLFLOW & DVC
Built a React-based web interface to integrate MLflow and DVC for machine learning model tracking and version control. Used MongoDB Atlas for cloud data storage. Developed as part of the Machine Learning Operations (MLOps) course at university.
